## THE USE OF UNITS ON SITE

For safety and security reasons, please make contact with Site Team at some point during your visit. The unit may be occupied on site for recreational purposes only, subject to a maximum of 28 consecutive nights for any one visit. An interval of at least 5 nights must elapse before a return visit to the unit situated on the pitch. Continuous occupation other than as above and subletting your caravan when you are not present is **strictly not permitted**.

SPC Ltd reserves the right to challenge a camper's residential status, or require the holder to remove their unit from the site, to ensure they are using the pitch for the purpose in which it is operated. The management also reserves the right to refuse admission to the site to any person, and to request removal from the site any person or caravan to abate a nuisance or to protect the site license. Likewise, use of the pitch in any way to trade from in any terms is also strictly prohibited.

Seasonal Pitches are for the use of the pitch holder and those household members named in the application. Additional seasonal guests (other than on the application) with a maximum of 6 persons permitted in the unit in total. These additional guests must be arranged in advance via site and paid for at our standard nightly touring rates. All day visitors must be signed in, vehicle registrations left at reception and the day visitor rates paid on arrival.

A spare set of keys for the caravan are required. (In the event of fire we will need to be able to move your caravan, should it be the appropriate action to take). We will never enter your caravan without authorisation. Electric awning heaters and generators are not allowed.

Seasonal barrier codes will issued for the whole seasonal and must not be disclosed to anyone other than the pitch occupiers. Family members and seasonal guests visiting must report to Reception to obtain the standard code and settle any guest/visitor fees.

In regards to rubbish, our general waste and recycle bins are not to be used for disposing of items such as awnings/poles/furniture/old or broken camping and caravan equipment/electrical items/ bedding etc. If you have a 'clear out' or replace something in your unit, this rubbish must not be put in our bins. Please take it with you and dispose of it as you would do locally. Anyone found to be bringing rubbish from outside of the site to put in our rubbish bins will be asked to pay a £500 fine and/or vacate their pitch with all fees paid retained.

## MAINTENANCE OF PITCH AREA

Personalisation of a Seasonal Pitch is not permitted. This includes boundary fences, the planting of flower boxes, etc. The storage of any equipment beneath the units whilst the unit is not occupied is prohibited. The visual aspect of a Seasonal Pitch should be the same as any other tourer on Site and kept as neat and tidy as possible at all times.

## **AWNINGS AND GROUNDSHEETS**

Though it is strongly recommended that awnings are taken down between stays and this may be insisted on in some instances, it may be possible, at certain times to leave awnings erected between stays. This is subject to specific agreement by the Site Manager and the pitch holder accepting responsibility for any consequential damage or loss. Please note, all decisions are site specific and will take in to account many factors, including but not exclusive to, anticipated weather conditions and exposure to risk.

Whilst the team will make every attempt to cut as close as we can around your units, we do require the pitch occupier to maintain the immediate overgrowth around your unit/awning, keeping it in a neat and tidy condition. Groundsheets should be lifted at regular intervals to maintain the condition of the grass.

## **LEAVING YOUR UNIT UNOCCUPIED ON A SEASONAL PITCH**

When leaving your unit unoccupied, if you wish to leave your awning up please advise the Site. Please ensure the electric and gas supplies are disconnected and that the pitch is left tidy. Any keys to security locks must be left with the Site Manager; however, neither they nor the SPC Ltd take responsibility for your unit. Keys will only be used in case of emergencies and will be kept securely.

## **SEASONAL PITCHES SUB-LETTING**

Sub-letting to any other party or parties whether for financial gain or otherwise is expressly forbidden. Only the household members of the applicant with their children up to the age of 18 are allowed to use the unit. Other members of the owner's family and guests can only use the unit when the owner is present and must pay the appropriate fees per person. All visitors must report to the Site Manager on arrival. (see [The Use of Units On Site](#))

## **VEHICLES**

All units, ancillary equipment and tow-vehicles must fit within the confines of the pitch space allocated. Only one vehicle may be parked on the Pitch in conjunction with the use of a unit. Additional vehicles may be parked elsewhere on the Site, subject to the Site Managers discretion and availability of space, or parked off-site if no space is available. Additional cars will be charged at £5.00 per day.

## **CHANGES OF UNIT, VEHICLE OR PERSONAL DETAILS**

The Site Manager must be informed of any change of unit or vehicle registration number shown on the unit. Changes to a pitch holders address or contact number must also be given to the Site Manager. Note: Please inform the Site Manager prior to removing your unit from a Seasonal Pitch. It is also important that you advise of your anticipated return date, otherwise your Seasonal Pitch space may not be available. If the Site is very busy, your vacant Seasonal Pitch may be used in your absence.

## **AUDIBLE ALARMS AND WHEEL CLAMPS**

Audible warning alarms can be activated when the unit is unoccupied only subject to Site Manager approval; the battery must be fully charged and in good working order to prevent false alarms due to voltage fluctuations. All other devices that could draw on the battery must be disconnected. Keys and means/instruction to turn off the alarm must be left with the site. If the alarm sounds the customer will be notified and must attend site without delay to assess whether or not there has been an incident and to reset the alarm (including recharging/replacing the battery if applicable). In the event of repeated "false alarms" SPC Ltd reserves the right to ask for the alarm to be turned off.

If wheel clamps, hitch locks, or other immobilising devices are fitted, a key must be left with the Site Manager in case of emergency. Please ensure your pitch has suitable ground conditions before installing, and if in doubt consult one of the site team.

### **DANGEROUS INFLAMMABLE GOODS GAS BOTTLES & WOOD.**

No goods of a dangerous or inflammable nature may be left in or on a unit whilst it is unoccupied. To add to this, for safety reasons, when the member is away from the Site only gas bottles that fit within the unit gas locker will be permitted. In line with the **Forestry England** guidelines, burning of any wood stoves, wood BBQ's, Pizza Ovens, fire pits etc is not permitted on any of our sites.

### **UNAUTHORISED UNITS**

If a unit is left on a Site without permission, i.e. exceeding the period for which the fee was paid, SPC Ltd shall be entitled to make such arrangements as it may deem fit for the removal or storage of the unit. The expense of such removal or storage will be for the owners account and, in the event of the owner failing to pay such an amount within 14 days of it being rendered, the owner is deemed to have authorised SPC Ltd to make such further arrangements as it may deem fit to dispose of the unit to reimburse itself for any out-of-pocket expenses and recover any unpaid fees due. SPC Ltd reserves its right to store such a unit and charge the owner a commercial rate for the storage. In all cases, Sherwood Pines Camping Ltd will write to the owner to advise them of the above procedure.
