## 2019 ITINERARY

Join us for a western cowboy cruise!

While this is WWO's second year, we are NOT new to the outfitting business. We started out as a guide & cook in 1985. Then in 1989 we purchased an outfit, growing into a highly successful and reputable outfit. We then sold that outfit in 2008 to finish raising our four boys. During that time we discovered that we missed the mountains, outfitting and in particular the great people who joined us over the years. We are now proud to introduce you to our newest adventure WWO!

When you arrive at our ranch, you leave behind the worries, time constraints and concerns of the world as you cruise into "horse time." All of our trips incorporate horseback riding with spectacular scenery, friendly, knowledgeable guides, mountain-wise horses and good hot grub.

WWO specializes in quality horse pack trips for small groups. We believe in offering a high quality experience to those who join us for a truly enjoyable and unforgettable adventure.

Group sizes are limited to six to eight folks depending upon the type of trip. Don't worry if you are a group of one or two, give us a call and we may make a group around you or just take you. If you have a group of six or more

we can customize a trip for you! Aslo, do not worry about your level of riding experience.

Summer trips, archery, muzzleload and rifle hunts are all done in the "Weminuche Wilderness". The degree of saddle sores will depend upon the type of horse cruise you choose. Complete trip descriptions are available upon request.

Camps are well equipped with a Large canvas kitchen/dining tent. Our nylon summer "cabins" are large enough to sleep two to three people comfortably, with cots and foam pads. With the changing of the colors and weather the nylon gives way to canvas wall tents and wood stoves.

### SUMMER PACK TRIPS

Summer pack trips will explore and enjoy the Weminuche Wilderness. The fishing in nearby streams & lakes is excellent. Enjoy opportunities for incredible scenic & wildlife photography.

We offer overnight, three four and five day trips. Our base camp is located on the Los Pinos(Pine) river in the Weminuche Wilderness. During the course of a trip we can travel to some high country lakes, fish or relax in camp. The amount of horseback riding will be tailored to fit you!

### HUNTING PACK TRIPS

Archery and Muzzleload Season - Shot success in past years have been as high as 100% or higher! Most of the hunters have

had several shots or shot opportunities. In past years hunters have taken several really nice bulls. Camp is limited to four hunters per camp for the archery/muzzleload seasons. Six hunters for the rifle. Two hunters per guide.

### Archery Hunts

We have had excellent success bugling bulls. One of the biggest thrills in hunting is watching an irate bull shred a tree, 20 yards from you. Our camp is reached by a 8 mile horseback ride into the heart of the Weminuche Wilderness. It is, without a doubt, some of the finest elk hunting Colorado has to offer.

### Muzzleload Hunts

This has always been our most successful hunt for taking trophy bulls. As in the archery hunt, we are extremely confident in our ability to show you trophy animals. It is truly a hunt you will not soon forget. Licenses available only through drawing.

### Rifle Hunt

Our rifle hunts are conducted in the San Juan National Forest. In the past we have had some excellent success at calling bulls in for our hunters. Several times hunters have shot their bulls at less than 20 yards!
