Sponsorship Opportunities

About Us

Winnemac Park Advisory Council (WPAC), is an all-volunteer group dedicated to improving Winnemac Park and building community. Winnemac Park, part of a school-park campus, encompassing 22 plus acres and is located at 5100 N. Leavitt St. on the north side of Chicago. The WPAC has recently been reactivated with a newly established board operating as a 501(c)(3) in partnership with the Chicago Park Foundation and the Chicago Park District with the goal of bringing the community together.

We are excited to partner with members of our community to improve facilities for all park patrons; maintain and protect the park's unique natural areas; and help provide adequate staffing to ensure the community's programming needs are met.

Winnemac Park Natural Area has three acres of native prairie habitat that includes a prairie garden that has beautiful native plants and trees as well as a nature trail. The park has an active community with youth sports utilizing the fields, camps offered through the Chicago Park District as well as activities and programs hosted by Amundsen High School, Chappell Elementary School and Winnemac Stadium.

We encourage you to join us in supporting Winnemac Park in enhancing this space for all to enjoy by choosing one of our sponsorship levels, making a donation or joining us in our volunteer-efforts. Your contribution will directly impact our park users' experience and bring the community together. A small portion of the funds raised will also go toward the cost of maintaining the WPAC operations.

On behalf of the Winnemac Park Advisory Council and all our community members, we thank you for your consideration and support! Your generosity ensures the success of maintaining our unique park.

Sponsorship Levels
