CONSTRUCCIÓN ACTIVA
Foro Latinoamericano de arquitectura y construcción
Buenos Aires, setiembre 2021

Prefab-ing es un verbo en gerundio: expresa duración de la acción verbal. Al contrario del término ~~*prefabricating*~~, *prefab-ing* alude a una forma actualizable, curiosa, sensible (apasionada?) de vincularse con la tecnología y con sus contextos, que no busca una única respuesta sino las más adecuadas.
