

## **Members at Large Position Responsibilities**

Members at Large are elected to be the trusted intermediary between members of the Pioneer Quilters Guild and the elected Board. It is important that guild members know who the Members at Large are and how they can be reached if members have ideas, suggestions or concerns that may affect the continuing function of the guild. Members at Large are to make themselves visible quarterly during Committee Reports at guild meetings, as well as put their contact information into the monthly newsletter so that members have options as to how to bring their issues to the Board. All ideas, suggestions, etc. are brought to the Board anonymously and after the Board's discussion and deliberation, the results are privately reported back to the individual(s) concerned.
