

Notice to Our Valued Customers,

As of June 1, 2021 the original PuraVida UV System will no longer be in production or available for order. All replacement parts for the original PuraVida are in stock and will continue to be available for order.

The PSII-48PV & PMIII-82PV are now replaced with our new, 316 Stainless Steel, Canadian Made, PuraVida2 UV System. The PuraVida2 embraces the attributes and simplicity of the original PuraVida along with some additional features. The new PuraVida2 is in stock as of June 7th, 2021.

Please use the following chart to reference our new and original part numbers.

For any further inquiries, please contact us at 1-855-881-0889 or visit www.puravidauv.ca.
