

**Re:Plenish Refillery
Home Deliveries Product List**

How it works

All of our currently available products are listed on this document. For the time being we are not able to refill personal containers so ALL bulk products MUST be purchased with a corresponding container (bottles and jars can be found on pages 30-37). Some of our containers are labeled REFUNDABLE, which means they can be returned to us for a full refund when you are finished with them. We will either arrange a front porch pick-up, or they can be returned to our store.

After taking a look at this document, please place your order using the order form on our website (www.replenishyeg.ca/home-deliveries). If you have any questions or concerns, please include them along with your order and we will get back to you. Once your order is received, we will send you a final confirmation before sending through an invoice. Orders can be paid by credit card or e-transfer.

You can expect to receive your order on Thursdays.
