Hi Betty – the reason you didn't get any normal weekly reports is that there were no weeks with production over 200 gpm so weekly reports were not required. I am attaching the one weekly report we did for the week ending July 3 which was done in response to the Palmer Hydrologic Drought Index reading for that week. I sent this report to Keith on July 13 with a copy to TownManager@denmarkmaine.org address, and Marty Wilson.

Do let me know if you have any questions.

See you tonight

Thanks

John

John,

I was going through the weekly reports and I noticed we did not receive any for July and August, would you please send them so I can update our website? Thanks

Sincerely,

Betty LeGoff
