Hi all-

We averaged 113.65 gpm for the week of April 22 to April 28. No weekly monitoring needed.

Thanks!

Iain

Here is the other- I just made a mistake by leaving it 3-21 when I copy pasted the email format. This is 4-15 but 4-15 through 4-21 not 4-15 through 3-21 obviously haha. Sorry about the typo.

Please let me know if there is anything else you are missing.

Thanks and have a great day!

Iain
