Food insecurity is growing at an alarming rate and too many of our neighbors are unable to put food on the table. Our local Food Pantries are experiencing the stress of meeting the weekly numbers of increasing families in need of relief.

Did you know that sadly there are too many students who are not getting nutritious meals on the weekends and during school vacations? There are 177 days when students are out of school, placing a burden on families who are struggling to put adequate food on the table.
