Come join us to make a real and urgently needed difference in our community in a fun environment filled with kindness, creativity, and connection!

Together, we create nourishing non-perishable meals and uplifting art expressions to donate to local food pantries to support our neighbors in need.

Whether you love helping hands-on or simply being around kind souls, there's a place for you here. We are a sanctuary for everyone, whether you live with a disability or not. Buddies are always welcome and we can't wait to meet you!

We don't see disabilities.
We see exceptional individuals.
