The in-progress Uniontown Speedway board track

SPEED KING© Documentary

Preserve Fayette County's Early Auto History

& Market YOUR business Near, Far, and LONG TERM!

Marci McGuinness' Shore Films LLC is producing the first Uniontown Speedway movie since Universal Film Company filmed Jimmy Murphy winning the last trophy race in 1922, with a record breaking average speed of 102.2 mph.

Frankie Guy (as Charley Johnson) and McGuinness will narrate her SPEED KING script over vintage photos, articles and clips, film clips from the October 2024 Summit Inn Speed King meeting, more interview clips, and Visual Effects.

- In 1913 Charley Johnson was dubbed Speed King by the press and locals.
- Charley Johnson beat Indy 500 champ Ralph DePalma at the 1915 Summit Mt. Hill Climb.
- In 1916 Johnson organized the Uniontown Speedway board track and Vivian Prescott, actress/driver/track promoter, had Universal Films President Carl Laemmle sponsor the big annual trophy race.
- Throughout the coal boom, WWI, and the onset of prohibition, big name race teams like the Duesenberg and Chevrolet brothers and Barney Oldfield, Murphy & Milton put Uniontown on the international racing map. The Duesenberg team of Milton & Murphy set 52 AAA speed records here that stood for over 40 years.

SPONSORS receive advertising within the documentary, film trailers, all marketing posts and materials, and on the www.speedkingstory.com web site and... **MISC. Marketing Efforts:**
