

## Profile

---

**Recent Landscape Architecture graduate with a passion for designing environmentally responsible and community-focused spaces. Hands-on experience in conservation work, public engagement, and research, with strong skills in fieldwork, digital and analogue surveying, and visual communication.**

**A collaborative team player with a flexible, solutions-focused approach and an eagerness to contribute to sustainable and innovative landscape projects.**

## Skills

---

- Landscape site surveying & analysis (LiDAR, photography, sketching)
- Design software: Rhino, AutoCAD, GIS, Adobe Suite, Procreate
- Strong written & verbal communication
- Customer relations & public engagement
- Data organisation & administrative support
- First Aid (certified until 2026)

## Experience

---

### Student Researcher

University of Greenwich, St Austell, Cornwall | 2025 - Present

- Conducted field research connecting landscape theory with practical technologies to explore clay's cultural and environmental significance.
- Utilised LiDAR scanning, photography, sketching, and surveying techniques.
- Presented research findings at an academic symposium.

### Student Ambassador & Events Support

University of Greenwich, London | 2023 - 2025

- Provided support for interviews, open days, and UCAS fairs.
- Provided campus tours and answered queries to support student recruitment and engagement.

### Swannery Assistant

Abbotsbury Swannery, Abbotsbury Tourism Ltd | 2019 - 2024

- Worked as part of a conservation team protecting a colony of over 600 nesting swans.
- Conducted daily site maintenance, habitat upkeep and wildlife care, including safe handling and health checks of swans and cygnets.
- Ensured visitor safety and compliance with health and safety policies.

### Community Volunteer

High Mead Farm Community Therapy Area | 2021

- Supported site maintenance and animal care for a community therapy farm, fostering an inclusive environment for visitors.

## **Volunteer Science Tutor**

The Bourne Academy | 2020

- Created and delivered engaging educational resources to support GCSE Science students.

## **Cadet**

Combined Cadet Force (CCF) | 2018 - 2019

- Gained leadership, teamwork and decision-making skills through field exercises and expeditions.

## **Shop Assistant**

Boarsbarrow Design | 2017

- Managed transaction operations, customer interactions, and stock management.
