Spygate is a pattern of dishonest and illegal acts by federal officials. SpyGate is about crimes and the criminal coverup of them. What happened? A lot. Here's the short list.

Obama Administration officials
 ✓ Spied on Political Opponents
 ✓ Lied to the FISA Court.
 ✓ Withheld exculpatory evidence
 ✓ Tampered with evidence and more.

The FBI illegally spied on the emails, text messages and phone records of hundreds of people.

Spygate began before the 2016 presidential campaign and elements of the criminal coverup continue to this day. Our reports will focus mainly on Crossfire Hurricane, the name the FBI gave its investigation of Team Trump.

Inspector General
Department of Justice

MH We found that members of the Crossfire Hurricane Team failed to meet the basic obligation to ensure that the Carter Page FISA applications were “scrupulously accurate.” We identified significant inaccuracies and omissions in each of the four applications: seven in the first application. And a total of 17 by the final renewal application.

The Inspector General was highly critical of the FBI from top to bottom.

He referred all employee in the case to the FBI’s internal affairs for investigation.

Meanwhile, the FISA Court banned those same FBI employees from Working on Future FISA cases.
