WELCOME SPRING AND HAPPY EASTER!

I'm getting a jump on my message because by the time you are reading this we will be headed to Key West, Florida. This trip is on my bucket list so I'm quite excited! The ole bodies are not bathing suit ready but what the heck who are we trying to fool we are getting old and fat. If this COVID-19 situation did anything it showed me, we don't have time to do things later and that is especially true since we had to sit out a whole year. Speaking of bucket lists, do you have one? I made one years ago on Pinterest with pictures and everything. I did it as a lark, but I have heard if you write it down and visualize it then it is more likely to happen. Something in the ole subconscious takes over. I have some pretty goofy things written down, like living to 100 and meeting Dolly Parton but who knows.

One thing I know for sure is that many of our rallies are full or getting full. The October rally is full and taking a waiting list. We have some great rallies coming up, so don't miss out. I would hate for you to be disappointed.

Make reservations soon; deposit fully refundable up to 72 hrs prior so book even if just THINK you'd like to attend.

The North Salt Lake City rally will be going in all directions! The RV Park is located just 6-7 miles from downtown SLC where we will explore Temple Square and other historical sites. We will go east to Park City to explore this historical resort town and the Utah Olympic Park, then west to explore the Great Salt Lake and Antelope Island, then north to Ogden where we will learn about the history of Union Station and the meeting of the rails. Union Station houses the Browning Firearms Museum. Scenic mountain drives to Park City and returning from Ogden will give you an appreciation of the beauty of the Wasatch

Mountains.

RALLY SCHEDULE June 7-13, 2021 Salt Lake City, Utah 1012 Recreation Way, North Salt Lake, UT (<https://www.ponyexpressrvresort.com>) Rallymasters: Bob (505 453-8643, rwscott234@gmail.com) & Sharee (505 220-0547, southwestgal234@gmail.com) Scott in Pleasant Grove, Utah and Joyce Schmitt (505 321-4501, j2b3s@msn.com) in Ogden, Utah

Reservation Details: Call Pony Express Resort (877-421-7002) to make your reservation and advise them that you are with Cuatro Estados for a group rate parking with our group. Please also give one of the rallymasters, above, a call and let us know you are coming. They also have noted on their website “no cancellation fees for 2020”, so sign up now, even if you are not sure. NOTE: The state of Utah is in the process of returning to the “new normal”. Hopefully, all planned activities will be available by the time of our rally. The exact order of the days/events will be determined when the Rally draws closer.

Day 1, Monday, Jun 7: Arrive/check-in

Day 2, Tuesday, Jun 8: Exploring Park City We will visit the Utah Olympic Park in the morning. No charge to visit two museums, watch athletes train or explore the venue. We will then go into Park City where we will eat lunch and explore on our own. The Park City Museum is very interesting and covers the mining industry and skiing history of Park City. You may want to take a scenic gondola ride or chairlift ride. There is a hop on, hop off trolley that runs through Park City and, of course, there is plenty of shopping. It is also a great leisurely stroll, if the weather cooperates.

Day 3, Wednesday, Jun 9: The Great Salt Lake and Antelope Island State Park We will drive across the Great Salt Lake on the 7-mile causeway. First, we will spend time in the Visitor Center. Then we will drive south on the island to the historic Fielding Garr Ranch, hoping to see the herds of buffalo and other wildlife along the way. We can tour the ranch house and out buildings. We will take a sack lunch

.Day 4, Thursday, Jun 10: Downtown Salt Lake City We will visit Temple Square, the No. 1 tourist attraction in Utah. We will enjoy the beautiful gardens. Three buildings on the square were built by the pioneers: the six-spired granite Salt Lake Temple; the acoustically perfect domed Tabernacle, original home of the Tabernacle Choir and the famed organ; and the Assembly Hall with its white spires and stained-glass windows. There are museums and a Visitor’s Center on the square. At 12:00 we will make our way to the Tabernacle to hear a free organ concert. We will eat lunch near the square (restaurant to be determined). In the afternoon, we will visit the Family Search Center where you can explore your own family history and records.

Day 5, Friday, Jun 11: Union Station and Notorious 25th Street in Ogden We will visit the historic Union Station and learn about its history as we follow along with a 30-minute podcast. We can spend additional time in Union Station viewing the

Railroad Museum, the John M Browning Firearms Museum, or the Classic Car Museum, depending on your interests. We will eat lunch on historic 25th Street and after lunch we will walk 2 blocks up and back 25th Street as we listen to another podcast and learn the history of why it is called “Notorious 25th Street”. We will return to our RV Park by driving east through Ogden Canyon (a scenic byway), over Trapper’s Loop and Snow Basin Ski area (amazing views and vistas) and west through Weber Canyon back to our RV Park.

Day 6 , Saturday, Jun 12, Free day On your own to explore what interests you. So many possibilities and we will have a list for you. Perhaps, some may want to take the drive to the Golden Spike National Historical Park, or visit This is the Place Heritage Park, or visit Trolley Square or more museums in SLC.

Day 7, Sunday, Jun 13, Departure Day If you paid for 6 nights, you got a 7th night free and will then have the option to spend this day in the area as well, leaving on the morning of June 13th.

Lubbock is known as the birthplace of rock 'n' roll legend Buddy Holly. The Buddy Holly Center celebrates his life and music with artifacts and mementos. Nearby is the West Texas Walk of Fame, with a statue of Holly and plaques honoring musicians from the region. The Museum of Texas Tech University houses millions of objects of art, history and paleontology, plus the Moody Planetarium.

It was the home and studio of Georgia O'Keeffe, as well as the subject of many of her paintings. Ghost Ranch is also known for a remarkable concentration of fossils, most notably that of the theropod dinosaur Coelophysis, of which it has been estimated that nearly a thousand individuals have been preserved in a quarry at Ghost Ranch.
