# Stevenson Athletic Hall of Fame

## Once a Titan Always a Titan

Growing apart doesn't change the fact that for a long time we grew side by side; our roots will always be tangled.

- Allie Condie

## What's Inside!

# Stevenson Athletic Boosters

The Stevenson Athletic Booster Club eagerly anticipates the induction of the 2024 Hall of Fame Class. Simultaneously, our focus shifts towards our next endeavor: The construction of the Rick Bye Fieldhouse.

Our existing fieldhouse exhibits signs of wear and outdated facilities, compelling us to embark on a mission to transform it into a state-of-the-art facility. The Stevenson Athletic Booster Club is taking a proactive role in making this vision a reality.

Envisioned as a source of pride for both current athletes and alumni, the Rick Bye Fieldhouse will serve as a premier venue for our teams to prepare for their respective seasons, aiming to become the foremost athletic fieldhouse in the state of Michigan.

This cutting-edge facility will not only provide a space for athletes and teams to gear up for upcoming seasons but will also bridge the past with the present. Housing our Athletic Hall of Fame display within the fieldhouse is a deliberate effort to connect Stevenson Athletics' rich history and traditions.

To make the Rick Bye Fieldhouse a reality, the Stevenson Athletic Boosters seek your support! A one-time donation of \$100 will not only contribute to this transformative project but will also immortalize your name, alongside other proud alumni and supporters, on the walls of the fieldhouse. You can also become a sports sponsor and represent your choice of team with a 6' x 8' team graphic with your name. More importantly, your contribution will play a pivotal role in offering current and future athletes and teams an enhanced environment to improve, strengthen, and compete at higher levels in their upcoming seasons.

# Thank You!

Thank you to all the supporters for coming out to the Stevenson Athletic Booster Club's 2nd Annual Cornhole Tournament. Money raised at this event supports Stevenson Athletics.

A great time was had by all.

Special thanks to all the volunteers who made this event possible!

# FUTURE HALL OF FAMERS?

## GOLF

*Impressive! After securing the 2021 MAC White Championship, these women boldly stepped into the challenging MAC Red Division the next year. They proved their mettle once again! This exceptional team continues to astound, clinching the 2023 MAC Red Championship. Congratulations are definitely in order!*

## SWIM

*Hats off to Olivia Buford for achieving a second MISCA cut time in the 50 freestyle, adding to her impressive accomplishment in the 100 butterfly! She's went on to States in these events, competing against Michigan's top female swimmers. Tremendous effort, Olivia!*

## CROSS COUNTRY

*The Titan cross country squads participated in the Algonac Muskrat Classic, achieving numerous personal records. John Lonsway and Megan Luke showcased their skills by finishing within the top 40! Go Titans! Great job out there!*

# ONCE A TITAN ALWAYS A TITAN

## 2021 FOOTBALL

Stevenson Athletics is more than just practices, games, and championships! By participating in athletics our students form friendships that last a lifetime. This is evident with Team 55 of the Stevenson Football program. This team was special and impressive as they won the MAC Red Championship, 2021 District & Regional Championships, and saw many of its players move onto playing at the college level.

But many would say the biggest accomplishment of Team 55 was not the championships won but the lifetime friendships that were made. When members of Team 55 return home for Christmas they made a tradition to foster those relationships by gathering for food, conversation, and reminiscing memories.

## GYMNASTICS/CHEER

Sandra (Burak) Michalik Class of 1973, participated in gymnastics and cheerleading while a student-athlete at Stevenson. After graduation she continued her education and gymnastics career at the University of Michigan. Sandra was instrumental in the creation of the Michigan Women's Club Gymnastics Team. Her efforts helped to secure their status as the first Women's Intercollegiate Varsity Gymnastics Team at the University of Michigan! She received her doctorate degree in 1992 from the University of Michigan and has since retired from the Ann Arbor Public Schools. Sandra continues volunteering at various community organizations and enjoys being a grandma!

We love to hear about our past Titan athletes!
