

Taser Party Girl Turned Autism Spectrum Mom Hits Target Gracefully With Spectrum Farm Trade School

Zaniez, planned to open in January 2026, is a trade school created for Autism Spectrum kids and adults set in an equestrian, farm setting to achieve natural balance

FOR IMMEDIATE RELEASE

Show Low, AZ - August 4, 2025

Approximately 1 in 30 children are born on the Autism Spectrum in the USA and very few resources exist to provide a pathway to independent living for children on the Autism Spectrum (to include children that are now adults on the Autism Spectrum). Zaniez is presently fundraising to secure the infrastructure and labor to launch January 2026. Zaniez is seeking passionate partners that would like to join forces to revolutionize education for children and adults on the Autism Spectrum. Join the revolution today!!!

“Zaniez will be a safe place for kids and adults on the Autism Spectrum so they never feel alone and so they never are alone. Independence should be taught to everyone despite their neurological or biological challenges along with a pathway to achieve it. My greatest fear as a single mother is leaving my child alone without achieving independence. Zaniez was created to give Spectrum students every opportunity to succeed in life independently.” - Dana Shafman, Zaniez Founder and Autism Spectrum mom.

Zaniez is presently fundraising to launch the first school after Christmas in January 2026. Zaniez utilizes activity based learning strategies to teach kids how to live independently so that when they become adults, they are not ushered into a group or assisted living home without intrinsic satisfaction or the promise of a better life. Zaniez educators (art teachers, music teachers, equestrian instructors, carpenters, gardeners, electricians, photographers, chefs, and more) will observe the students individually to create individualized learning pathways to not only inspire independence but also to provide a career path for the student to pursue to live independently.

Zaniez will launch in three phases that are age based to afford students of every age and ability the opportunity to pursue their dreams, personal and professional, in a safe and inspiring environment. The goal will be to take our first step with our first Zaniez school in Arizona followed by launching in states outside Arizona to serve as many Spectrum families as our reach affords. Partners will be critical to the success of Zaniez and so will transparency in all areas to ensure that our little “gifts from God” remain the focus always through checks and balances.

Dana Shafman created the TASER Party in 2007 that gained worldwide interest in 2008 when she appeared live on The TODAY Show as well as FOX News and CNN. Learn more about Dana at www.TaserParty.com.

ABOUT ZANIEZ

Zaniez is a domestic nonprofit corporation registered in Arizona. For more information on Zaniez, please visit www.ZaniezKids.com or email ZaniezKids@gmail.com to request a Zaniez brochure, emailed or mailed.
