

ZANIEZ FARM TRADE SCHOOL THROWS OPEN THE GATES...

ENROLLMENT STARTS DECEMBER 1ST – Come Grow, Learn, Build, and Thrive With Us!

FOR IMMEDIATE RELEASE

Wittmann, AZ – December 1, 2025

Yee-haw and high-fives all around! Zaniez (Autistic Farm Trade School) is bursting with excitement to announce that **OPEN ENROLLMENT OFFICIALLY KICKS OFF DECEMBER 1, 2025!** If you've got an awesome autistic kiddo (ages 3-12) who loves dancing to or playing music, baby goats stealing their snacks, sensory sandpaper against a fresh piece of wood, helping in the kitchen and learning how to actually build and fix cool stuff, then saddle up—this is YOUR place! No worries if your awesome autistic kiddo (or adult) is older than 12, Phase II and Phase III are galloping to us in Summer/Fall 2026.

We're rolling out Phase I with a super-fun soft launch in January 2026 and the full-blown party (aka full launch) is scheduled for February 2026. We're welcoming 50 lucky little tradespeople for all-day farm-and-tool adventures that feel more like play than "school." Swimming is mandatory (full time life guard on duty and life vests for novice swimmers) and so is horse therapy with a huge dose of FUN!!!!!!

Picture this: tiny carpenters hammering away, mini farmers harvesting lunch, future chefs flipping pancakes they made from scratch, and everyone covered in just the right amount of mud and happiness. That's a day at Zaniez!

Money worries? Pssh—leave 'em at the gate. We're teaming up with families to use Arizona's ESA school-choice funds, we happily take private pay, and here's the best part: NO child or family will EVER be turned away because of dollars and cents. We mean it. Everyone who belongs here GETS to be here.

Each crew will be a cozy 6-8 kiddos teamed up with a real-deal trade pro (think carpenter, farmer, mechanic, chef) PLUS a medical pro who's got their back. We'll chat with families every week to make sure the vibe and ratios stay perfect—because happy kids learn best!

Parents, you're invited too! Drop in for an hour, stay the whole day, get your hands dirty alongside your kiddo—we love when the whole family jumps in on the fun.

We're also on a mission to hire amazing Veterans (because they rock) and we're begging awesome retirees to come volunteer and share their wisdom (and probably their best dad jokes).

Ready to join the most joyful, tool-wielding, goat-cuddling, dream-building crew in Arizona?
Applications open December 1st—first come, first served, so grab your spot before the chickens notice!

Visit www.ZaniezKids.com right now and let's get this party started!

About Zaniez Farm Trade School

We're the sunny Wittmann, Arizona farm trade school where autism meets awesomeness. We trade desks for workshops, textbooks for tool belts, and "shhh" for "yee-haw!" Come grow with us.

Zaniez invites partners, donors, and families to join Zaniez autism spectrum education revolution. Zaniez phased openings begin January 2026, serving children (ages 3-12) in PHASE I planned to launch in January 2026, teens (13-18) in PHASE II planned to launch Summer 2026, and adults (19+) in PHASE III planned to launch Fall 2026. To learn more or to get involved, visit Zaniez today at ZaniezKids.com.
