# Where do we find beliefs that our purpose of life is Love?

It Cannot be imposed from without

- To be a part of an Integrated System, each person must take 100% responsibility for the consequences of their thoughts, words and actions.
- We must be 100% free to choose our beliefs
- Beliefs must be internalized- They must be confirmed from Within

The background of the image is a soft, painterly illustration. It depicts a woman with long, light-colored hair cradling a baby in her arms. They are positioned in the center of the frame. The setting appears to be a winter forest, with snow-covered ground and bare, snow-laden tree branches visible in the background. The overall color palette is dominated by cool blues and whites, with a warm, golden glow emanating from behind the woman and child, suggesting a source of light or love. The text is overlaid on this scene in a golden, cursive font.
