

Ideals of Love Paradigm

The
Solution

to All
Our
Problems

The Time We Live

We are at a tipping point, where we will figure out how to live together in peace or we will destroy humanity and the planet.

I Believe in Peace

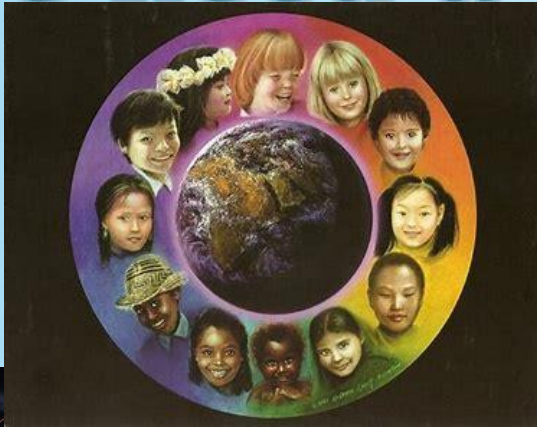

**Peace of Mind, Harmonious Relationships,
World of Lasting Peace.**

**Beliefs that say otherwise are
part of the problem**

A New Framework

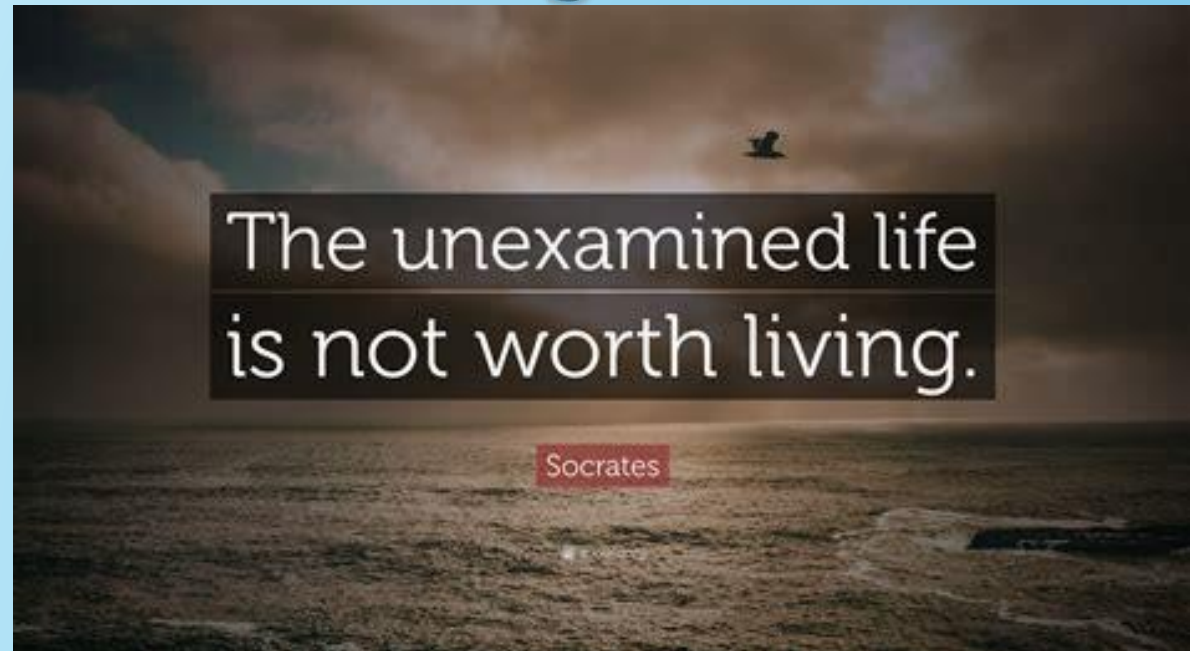

**We have the ideas for Peace,
we need a framework for organizing them**

Ideals of Love Paradigm Is that Framework!

We are responsible for the
Consequences of our beliefs.
This is my self-examined belief system.

What is yours?

The unexamined life
is not worth living.

Socrates
