

Nevada Outdoor School
Measurable Effectiveness Policy

POLICY PURPOSE: Nevada Outdoor School's (NOS) policy on effectiveness is to help ensure that the NOS Programs have measurable goals and objectives in place. The measurable goals and objectives will be used to evaluate the success and impact of its program(s).

POLICY:

1. During the even years NOS will review Program goals and objectives and evaluate if and how the programs are supporting achievement of the NOS mission. The evaluation will use the measurable goals and objectives established for each program.
2. Identifying the measures used to assess NOS effectiveness in achieving its goals and objectives will be a function of the Executive Director and NOS Staff.
3. Recommendations for future NOS actions to improve effectiveness will be evidence-based on the evaluation findings.
4. NOS will revise goals and objectives, as needed, for the upcoming term and will suggest means of measuring them.
5. The NOS Board will receive a written report of this assessment.
