THE NORTHERN SEED LIBRARY

Start A Seedy Revolution

HELLO FRIENDS!

WE'RE BACK!

THE NORTHERN SEED LIBRARY
IS RE-OPENING THIS FALL

AS OF TODAY, OUR
SEED BANK HOUSES
130+ VARIETIES!

IMPORTANT DATES

For current members, the application for the 2025 growing season will open on September 1, 2024 at 9AM MST

The library will open to new member applications on October 1, 2024 at 9AM MST

SEED BANK STATS

Thanks to members and their donations, we currently house 130+ varieties in our seed bank. This year, over 110 of those varieties will be available for adoption!

*Pictured above are Minnesota Beauty bush beans.

FREE THE SEED PROJECT

2025 GROWING SEASON

IMPORTANT INFORMATION

As always, becoming a member and adopting a variety is FREE

You are considered a current member if you have previously adopted seeds with TNSL. If you did not return seeds to the library, that is okay! You can still adopt for the 2025 growing season!

Seeds are mailed out in the order they are requested. As we are run on a volunteer-basis, please allow 4-6 weeks for your variety to arrive once request is processed.

SEED STARTING & SEED SAVING RESOURCES

We have been busy converting our seed saving resources to PDF or digital form. Scan the QR code to browse our resources, or find them at

SPECIAL THANK-YOU

A huge thank-you to all the members and volunteers who have stewarded varieties or donated seeds, supplies, or time to TNSL. Growers like you are incredibly important in the journey towards seed sovereignty and preserving food biodiversity.

SEED BANK DIRECTORY

OUR UP-TO-DATE SEED BANK DIRECTORY

Here you will find a complete up-to-date digital list of all varieties that we are currently housing. This document will be updated as seeds are checked-out or returned. We want members to be able to see what is happening at all times with the varieties that they work so hard to maintain.

This list can also be found at
<https://growersblend.ca/northern-seed-library>
