

Creating Opportunities for Communication

**Try setting up some of the situations below and then
WAITING for your child to communicate with you!**

**Put favourite toys in view but
out of reach. For example, on a
high shelf**

**Put favourite food or toys in a pot
your child can't open on their own**

**Offer things bit by bit - one crisp,
puzzle piece or brick at a time**

**Offer choices throughout the day -
'Apple or banana?', 'Car or ball?'**

**Use toys your child can't work on
their own like balloons, bubbles
and wind-up toys**
