			Non Rusting			

- TEAK

- **EN THE BEAUTY OF TEAK**

- Teak is one of the world's most valuable timber resources. Furniture made from beautiful premium teak,
- sourced from sustainable plantations, is rich in natural tannins and is able to withstand even extreme
- weather conditions over an exceptionally long lifetime. The wood is resistant to rain, strong sunlight,
- freezing conditions, and fluctuating temperatures. These qualities make it particularly well-suited to longterm
- outdoor use.
- ANIANP teak furniture does not require any special maintenance apart from periodic cleaning. When
- exposed to natural weather conditions, teak's golden color changes to a soft silver-gray. As this is a natural
- process, the silver-gray color may appear irregularly, especially at first.
- To retain the wood's original, golden hue, clean it, using the DEDON cleaning agent once or twice a year
- and apply DEDON teak oil at least twice a year. To remove any rough grain and restore the wood to its
- Allow your teak furniture with cushions to dry before using covers. To prevent mold growth, DEDON
- recommends not to use covers for tables with teak tabletops.
- Cushions that are in contact with new teak can occasionally show signs of teak staining. This is caused
- when the natural pigments and oils within the new teak bleed out over time, leaving a red-brown stain on
- the cushion fabric. To remove the teak stains, wash the cushion covers at a lukewarm temperature (30°C) with a mild soap.

MAINTENANCE PRODUCTS

- TEAK CLEANER
- Teak-Reiniger
- *Volume: 1.000 ml*
- *Inhalt: 1.000 ml*

- **Teak cleaner is easy to use and solvent-free. It has been specifically developed to remove**
- atmospheric dirt, algae, gray discoloration, grease and oil from ridges and difficult-to-reach gaps and
- grooves.
- teak-oil is easy to use, solvent-free and highly water-repellent. It gives a satin finish and contains
- pigments that effectively block the UV rays that turn your wooden DEDON furniture gray over time. It also
- protects against rain and prevents the build-up of algae and moss. Applying the oil provides long-term
- weathering protection for your teak furniture.

- **Teak-Reiniger ist einfach in der Anwendung und lösemittelfrei. Er wurde speziell zur Reinigung**
- von atmosphärischen Verschmutzungen,
- Algenbefall, Vergrauungen,
- Fett und Öl auch aus Riffelungen
- und
- schwer zu erreichenden
- Ritzen und Rillen entwickelt.
- Teak-Öl ist einfach in der Anwendung, lösemittelfrei und stark wasserabweisend. Es ist seidenmatt
- und enthält Pigmente, die UV-Strahlen
- wirksam blockieren
- und so das Holz Ihrer
- Möbel vor
- Vergrauung
- und Feuchtigkeit schützen. Daneben bewahrt es die Oberfläche vor Algen und Moosbildung.
- Somit
- stellt es einen dauerhaften Wetterschutz
- für Ihre
- Teakmöbel
- dar.

- **CUSHIONS YOU CAN LEAVE OUTDOORS**

- SUNBRELLA relies on some of the world's most advanced textile technologies to create cushions you can
- leave outside. Our high-quality materials are UV-resistant and specially treated to be splashresistant, all
- with no loss of comfort. The foam cores, created exclusively for SUNBRELLA, and synthetic fiber padding are
- surrounded by a water-repellent, breathable, spun-bonded wrap. After a rain shower, allow your cushions
- to dry so as to protect them from mold stains. We recommend storing your cushions for the winter or
- when not in use for long periods, and using SUNBRELLA covers to keep them at their best. Before storing,
- make sure the cushions are completely dry. Our materials meet the highest standards of quality for
- outdoor usage. All fabrics are easy to maintain.

- **DRY+ CUSHION CONSTRUCTION**

- Dry+ cushions offer enhanced rain protection. Cushion cores are wrapped in an interlayer with a very high
- water-repellent rating of 10,000 mm. The special construction of the cushions ensures a very fast drying
- process. All fabrics are specially treated to be stain- and water-repellent. Dry+ cushions are available fo
