

Hospice Highlights

National Volunteer Week April 18-24, 2021

Terrace Hospice Society (THS) is a volunteer-based organization and we are deeply grateful for our volunteers, past, present and future. Without them, Terrace Hospice wouldn't be able to continue offering programs and services that help with caregiving, at end of life, and with grief support.

Our Volunteers have shown kindness, compassion, and commitment during this challenging year. They have learned to work from home using technology that not all were ready for but did it for the collective good. These volunteers went above and beyond and we thank them for their commitment to Hospice.

We would also like to thank volunteers who chose to take a

break from volunteering due to the pandemic. Choosing to protect yourself and others is an act of kindness and we respect that. We miss you and look forward to having you back whenever you're ready.

Our volunteers are admired and respected for the great work they do. If you are interested in learning about volunteer opportunities at Terrace Hospice Society, please give us a call. **250-635-4811**

This year's theme for National Volunteer Week is "The Value of One, The Power of Many." Credit to Volunteer Canada for the following words to consider.

The value of one volunteer answering the phone.

The power of staying connected with community members.

The value of one caregiver taking time for themselves.

The power of millions of healthy caregivers.

The value of one expression of grief.
The power of collective healing.

The value of one person picking up groceries for another.
The power of many people creating better home support services.

The value of one person calling another to check in.
The power of many people working to prevent social isolation.

The value of one person volunteering at a food bank.
The power of many people advocating for Food Security.

The value of one person recycling.
The power of many people working to improve recycling services.

The value of one volunteer tutor helping a child.
The power of many volunteering in a literacy awareness campaign.

We acknowledge the financial support of the
Province of British Columbia and Northern Health.
