

Glittering of the Dew
Andree Nolen/Tad Tuleja

On a morning clear as water	C F C
In an hour young with dew	C G
The meadow swayed in silent song	C F Am
As if for me and you	C G C

**And were this but a moment's dream
From a land that time must kill
Yet the honeyed air and sunlight
Of that moment lingers still**

The branches rang with songbirds	Am F
And the cares of life were few	Am G
As we took our sweet and measured way	C F C F
In the glittering of the dew	C G C

**Though future days may find us
In rasping wind or cold
Though tribulation tempt us
From that morning's gold**

**Yet know we shall remember
And remembering renew
A clearing bright with birdsong
And the glittering of the dew**
