WELCOME TO 3E ELECTRICALS

3E Electricals established with an objective of providing techno economic solutions in the field of **process instrumentation and electrical**. **3E Electricals** offering products in Process Instrumentation like Temperature Indicators, Controllers, PID Controllers, Programs Electronic Liquid Level Controllers and Indicators & VFD's, electrical panels. Our motto is to offer quality products at competitive prices. The quality of our products will be maintained by selecting superior suppliers and tested for the consistency.

Product Range:

1. Temperature

2. Pressure

3. Level

4. Flow

1. Temperature:

Temperature Scanner

Temperature Controller

Temperature sensor

Temperature Data Logger

3E ELECTRICALS

. GST No: 36APGPG1533D1ZF

Process instrumentation

ISO 9001:2015.

2. Pressure:

Pressure Transmitter

DP Transmitter

Pressure Switch

Control valves

3. Level:

Level Transmitters

Level Switch

3E ELECTRICALS

. GST No: 36APGPG1533D1ZF

Process instrumentation

ISO 9001:2015.

4. Flow

Flow meter

Flow Switch

5. Other:

VFD & soft starters

VFD Panel and MCC panel

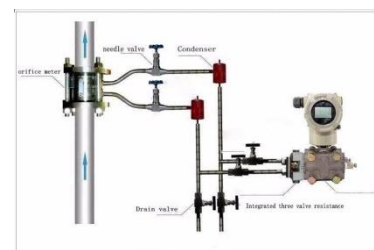

Energy Meter

Signal Isolator

Thyristor Controller

Orifice Flow Meter

SCADA SOFTWARE

PLC & HMI

Pressure calibrator

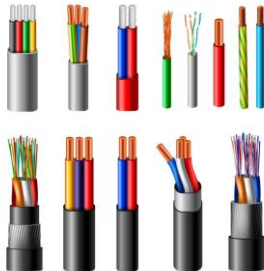

Hydrostatic Level Transmitter

Temperature & RH Transmitter

Motorised Actuators

Electrical cables

Instrumentation cables

Key points:

1. We are manufacturing of Temperature Sensors (like RTD-PT-100, Thermocouples).
2. We are providing on site calibration services (like temperature, pressure, level and flow).
3. We have vast experience with specialized Instrumentation engineering professionals in process instrumentation field.
4. We are capable of Turnkey Projects in process instrumentation field.
5. We have well knowledge in Temperature, Pressure, Level and Flow Controlling System.
6. We have well knowledge in Temperature and RH controlling of AHU.
