The VISION of the Englewood Community Coalition is a Safe, Healthy and Drug Free Community.

Our MISSION is to serve as the collective voice of the Englewood Community, promoting health and wellness, with a focus on youth substance abuse.

WHAT WE CARE ABOUT

We are committed to addressing environmental factors in our community to create positive influences in media messaging, social, educational, family, and recreational environments.

Together we reach hundreds of Englewood youth and adults, truthfully educating about alcohol, tobacco, vaping, marijuana, opioids, fentanyl, prescriptions drugs and more. We provide drug free events for youth, work to make schools safer, beaches cleaner and smoke free, and provide opportunities for the community to learn from experts.

Initiative, Creativity, Confidence! NO LIMITS - The Arts

Purpose: Englewood Creative Arts: To enhance arts for all, environmentally increase protective factors, promote wellness, and mitigate eliminate youth substance misuse in the Englewood Community by facilitating positive alternative opportunities, mentoring participants in discovering and/or developing artistic expression, personal and shared achievement.

Mission, Englewood Creative Arts: To provide equitable and affordable access to performing and visual arts education in the Englewood area through expansive multi-tiered community outreach programs, including enhanced youth scholarship opportunities.

Rather than telling young people to just say “No” to drugs,
we must give them something to say “Yes” to.
