Who We Are

The Multicultural Professional Network (MPN) connects global professionals living in Australia to enhance role model visibility, career opportunities, and personal development. As a People and Planet First Verified Social Enterprise and a World Fair Trade Organisation Guaranteed Member, we are committed to social impact and sustainability. Join one of Australia's most inclusive and innovative talent networks. Sign up today to connect in new ways!

Our Services

For Companies

We enhance your strategies for managing professionals from all backgrounds. In partnership with Workforce Evolve, we offer six online modules to empower employers in advancing inclusive workforces.

For Professionals

We provide professionals from around the world with the resources and support needed to transform their careers.

Diversity and Inclusion

We are dedicated to helping organisations create a more inclusive and equitable professional landscape through targeted initiatives.

Our Vision

To highlight the significance of hiring, retaining, nurturing, and upskilling talent from all backgrounds, with a particular focus on executive sponsorship.

Our Mission

We will increase equality and economic growth by upskilling and connecting underrepresented talent to leadership roles.

Our Goal

We are women-led and intersectional, focusing on empowering underrepresented talent across all races, ages, ethnicities, sexual orientations, abilities, veteran statuses, and gender identities.

Our Programs

Talent Connect

Our initiative bridges the gap between talent and companies committed to creating inclusive environments where professionals can thrive.

Social Impact

Each year, The MPN nominates a focused charity to support our social impact initiatives, ensuring that our efforts align with our vision of creating positive change.

Policy Advocacy

Our Policy Leadership initiatives aim to inform, influence, and enhance policy settings to promote an inclusive and equitable society.

The Zero Barriers Project

The Zero Barriers project aims to address workforce disparities caused by limited access to opportunities, preventing talent from advancing to leadership roles.

Professional Development

The MPN offers a range of personal development services that leverage the talent within our network, including CV reviews, interview support, and skills profiling.

Job Board

Professionals can explore the opportunities available on our Job Board, where you'll discover a range of open positions, including remote, hybrid, and in-person roles.
