

Auditing & Specialist Help for your Environment
and Safety

Health and Safety Policy Statement

ASHURES LTD provides Environment, Health and Safety auditing and specialist help to those who want to achieve safe, sustainable business practices. Our Director holds the NEBOSH general certificate in Occupational Health and Safety and will oversee our commitment to health and safety excellence.

We practice what we preach and lead by example. In order to achieve safe business practices ASHURES will:

- Ensure those working on behalf of ASHURES have received Health and Safety training and have gained appropriate Health and Safety qualifications to do their job safely.
- Comply with all legal Health and Safety requirements relating to ASHURES business.
- Ensure all Directors demonstrate continuous health and safety professional development through professional membership of Health and Safety bodies such as the Institute of Occupational Health and Safety (IOSH).
- Ensure that those working on behalf of ASHURES are able to identify hazards, risks and control measures required to undertake our work safely.
- Ensure that those working on behalf of ASHURES are provided with the appropriate equipment to undertake our work safely.
- Review this policy annually and publish it on the web site to allow public scrutiny and accountability.
