Entry fee \$10

50% of the entry fee goes to the purse

Pays (4) places 40/30/20/10

Shooters will form a line behind post three (3) at the 16-yardline. The first shooter will call for a target. If he misses the target, the second shooter (the **Bushwhacker**) may fire on the target. If the **Bushwhacker** misses the target, the first shooter becomes dirty and moves to the back of the line. If the **Bushwhacker** breaks the target, the first shooter is out. (He became dirty for missing and then got **Bushwhacked**). The **Bushwhacker** goes to the back of the line. If the first shooter breaks the target, the **Bushwhacker** may fire on the broken pieces. If he breaks one of them, the first shooter becomes dirty and both shooters move to the back of the line. If the **Bushwhacker** misses the broken target, he must remain in place and fire upon a new target with the same rules as shooter one. If a shooter is dirty and misses a second target or is **Bushwhacked**, the shooter is out. If the **Bushwhacker** fires out of turn, he becomes dirty and moves to the back of the line. The first shooter must fire at a new target with next shooter in line trying to **Bushwhack** him. When all shooters have shot at a target the line moves back two (2) yards. The game continues until only one shooter remains. **One by-back is allowed** for an additional \$5, 100% goes to the purse.
