**A Resolution of the City of Park City, Kentucky
Extending the Term of the Cable Television Franchise Agreement
with Mediacom Southeast LLC**

WHEREAS, Mediacom Southeast LLC (the "Grantee") holds a cable television franchise granted by the City of Park City, Kentucky (the "City") on July 6, 1998 (the "Franchise"); and

WHEREAS, the Franchise originally will expire by its terms on or about June, 1, 2008, unless the City and Grantee mutually agree to extend the term of the Franchise; and

WHEREAS, the City and Grantee have not yet agreed to the terms of a new agreement and therefore desire to further extend the expiration date of the Franchise until the earlier of December 31, 2008, or the date a new Franchise is properly adopted by the City and becomes effective;

NOW, THEREFORE, BE IT RESOLVED AS FOLLOWS:

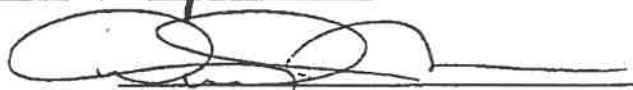

The term of the Franchise is hereby amended to expire December 31, 2008, unless the City and Grantee have executed and adopted a new cable television franchise agreement prior to that date, in which case the Franchise shall expire and terminate concurrently with the effective date of said new franchise agreement.

The parties agree that as a result of agreeing to extend the Franchise term, neither party shall be deemed to have waived any of its rights or obligations under Section 626 of the Federal Communications Act (47 U.S.C. §546) nor any of its rights or obligations under the Franchise, and that this extension shall not be deemed to constitute an approval by the City of the renewal of the Franchise or approval of any Franchise renewal proposal which may have been previously submitted by the Grantee.

The remaining terms and conditions of the Franchise agreement shall continue in full force and effect.

If, any section, paragraph, subdivision, clause, sentence or provision of this Resolution shall be adjudged by a Court of competent jurisdiction to be invalid, such judgment shall not affect, impair, invalidate, or nullify the remainder thereof, which remainder shall remain and continue in full force and effect.
