I work with clients requiring both long and short term sessions. I have worked with clients across all age ranges, from the age of 11 years old, up to and beyond retirement age.

What does the counselling student mentoring service offer?

I offer a 50 or 100 minute sessions in a confidential space, where we can negotiate how we will work together to assist you with your current course. That may consist of assisting you in understanding or exploring criteria or exploring a deeper understanding of an assignment or your client work in relation to your course.

Important Notice

This is NOT an assignment writing service.

All the work you submit must be your own and this service aims to assist you in exploring the areas that you are studying in and allow space for exploring the course material.

For example: these sessions could offer you, an opportunity to explore any assignments or theoretical concepts for exam preparation.

I do not work in conjunction with your educational establishment or course tutors. This service cannot guarantee that you will achieve the required criteria or that your educational institution will mark your work as proficient.

I reserve the right to cancel any ongoing work, where this is the case, if you have booked and paid for additional sessions, these will be refunded.

Confidentiality and Security

The content of your sessions will not be communicated with any third party except for the purposes of the supervision of our work. I reserve the right to take our sessions to supervision.

All counsellors working ethnically use supervision to ensure the best possible outcome for their clients.

We recommend that the online service we use is Microsoft Teams or Whats app calling due to the security and encryption that both platforms use, this helps to ensure that our communication will not be intercepted by a third party. If you choose our counselling student mentoring service, we will exchange contact details, we will provide further details after you have completed and returned the agreement document below, to allow us to have a discussion and make arrangements for sessions.

Fees and Payments

Please send any fee payments at least 24hrs before the session day and time. If you wish to cancel, please allow 48hrs notice, or full payment will be required. If you have made payment for a session, but are unable to meet at the appointed time, I will retain the fee for the session unless waived at my discretion, for example it is due to experiencing an emergency or my absence. In the event of this occurring, we would discuss how to re-arrange the scheduled appointment. Where a block of four appointments have been purchased these are valid for a period of 3 months. If applicable the services fees are subject to change in line with the beginning of the UK financial year (April).

My current fee is £60 per 50 minute session or £110 for 100 minute session, concessions are available. Please ask for block booking arrangements and fees.
