

ELECTION ON 4TH MAY. TIME FOR CHANGE!

FOCUS

on HAILSHAM CENTRAL March 2023 

From NEIL CLEAVER and your local Liberal Democrat team

Fighting against sewage leaks in your area.

Would you drink this?

I've fought for four years to bring Southern Water to Council to answer our questions.

Within months of being elected, I sat at the committee meeting where two new estates were approved in Hailsham, my town.

Officers told me that we had to believe Southern Water's promises even though it had been fined a record amount for lying.

Since then, I've done my own research and found out that its infrastructure just isn't enough to deal with our waste water.

I've been to see residents across the town with gardens filled with sewage and I've repeatedly demanded answers.

Finally, the Tories have agreed to support me and we've been able to get Southern Water in to answer our questions but the fight is far from over.

I won't rest until we get honesty from those responsible for this mess. Please help me fight.

Bad Planning decisions for Hailsham.

I was elected in 2019 and I have sat on the Planning Committee ever since.

I've watched as the Tories' failed Local Plan has resulted in too many of the wrong houses in the wrong places.

There's no thought of surgeries and schools and our roads can't cope with the increased traffic. If re-elected, I'll carry on fighting against bad Planning and take our case to Government until they change the rules.

Working hard all year round

WHERE IS YOUR MONEY GOING? COUNCIL TAX AND RATES GO UP TO PAY FOR OUR DISASTROUS VANITY PROJECTS.

Under the Tories, the ambitious Hailsham Aspires project has shrunk from its beginnings as a retail development.

If new councillors take over the council, you can ask us what our plans are and we will involve you in the decision making process.

How many millions have been borrowed and potentially wasted by Wealden District Council on a project that doesn't have the support of local residents and councillors?

This is your town and your future.

**VOTE FOR CHANGE AND
OPENNESS IN LOCAL
GOVERNMENT.**

Why the secrecy over the exact cost to council taxpayers?

TOGETHER WE'RE STRONGER

Last year, I worked with David from the Independent Group and Rachel from the Greens to get a motion passed which tried to get water companies to prove they could cope. I'm happy to work with other parties for you.

LOCAL DEMOCRACY

Ever noticed how those in the ruling party who disagree with the handful in charge get moved from their committees - sometimes even ones they're chairing! It's time that your councillors could speak for you and not for their party whips.

WHY HAILSHAM?

I grew up in a village but I've lived here for long enough to see what's happening to this town. I'm an enthusiastic member of the Bonfire Society and I know what this community can do when it works together.

HOW CAN WE HELP YOU?
