

## OUR STORY

**CAUSE | EFFECT Cocktail Kitchen & Cape Brandy Bar** is an award winning cocktail kitchen inspired by Cape Town's oceans, mountains, vineyards and fynbos. Our Cause is to take local ingredients and effect them into flavour. Our tapas, seafood platters, steak and sharing boards are designed to pair perfectly with our drinks.

Voted as South Africa's best Cocktail bar, Top Ten in World's 50 Best Discovery Bars, Top 100 in Top 500 International Bars and for the first time this year ranked 75th in World's Best Bars, we highly recommend trying some of our cocktails.

Our drinks are curated by our co-owner Kurt Schlechter, an award winning bartender, voted top 100 most influential bar figures in the world, Kurt and his bar team are obsessed with creating flavours that bring the fun back into drinking. We want you to drink better not more.
