**Re: Citizen Complaint 2021-228**

Chief Kasmar:

The Arizona Peace Officer Standards and Training (AZPOST) Board received a complaint alleging misconduct by your agency. Enclosed is a copy of the home page of the website [tucsonscorruptleadership.com](http://tucsonscorruptleadership.com), which was brought to our attention.

Historically, it has been the policy of AZPOST to afford the employing agency an opportunity to investigate any allegations of misconduct submitted to this office; therefore, we are forwarding the information to you for the appropriate action. Please advise AZPOST staff of the results of your agency's investigation. Should there be any misconduct identified, AZPOST is requesting notification of such. This notification will afford compliance staff with AZPOST to make a determination as to whether or not there were violations of AZPOST rules.

Thank you in advance for your attention to this matter.

Sincerely,

Michael Orose  
Compliance Manager

## Law Enforcement Oath of Honor

On my honor, I will never betray my badge, my integrity, my character, or the public trust. I will always have the courage to hold myself and others accountable for our actions. I will always uphold the Constitution and the community I serve.

## Mission Statement

So what are we doing here? Good question.

As police officers we are trained to fight for people who can't fight for themselves. But who is fighting for the cops? We are equipped to deal with the criminals in front of us but who is going to protect us from Tucson's Corrupt Leadership?

In the last few years, the powers that be have been operating with little or no regard for mission statements, general orders, or core values. We have seen the checks and balances at every level, and when we hit our limit and we can take no more, when all the official complaints, the officer's reports and grievances have failed, we can always go to the media

that will ignore us.

We talk to friends and family members that hear our stories, and listen in disbelief; "You got in trouble for that?!" "They didn't cover that injury?!" "How can they cover that up?!"

This is a safe space for those of us who have had enough. Tucson's Corrupt Leadership.com will strive to provide the information that you, law enforcement's end user, should have.

Thank you for visiting.
