Thu Jun 12 15:38:20 2025 Detective G. Hernandez #8690

On June 3rd, 2025 I was assigned to follow up on this case. I have since attempted to contact ring as well as the cell phone providers in attempts to obtain the search warrant with all documents and findings that was granted by previous Detectives that were assigned this case. I am still awaiting response back to retrieve the warrants or to speak with a manager that will be able to guide me in the right direction. I was not able to find the warrant return with the inventory sheet obtaining all finding in the case file notes. I attempted to go in person to grand jury to retrieve the warrant, but the inventory was not found.

On June 12th,2025 I was able to get in contact with the Detective that was previously assigned the case. He was able to provide me information from the warrants returns. From Verizon he stated that Alisa's phone was currently plotting in Boston during the time of the incident, the findings from At&t were sent on a drop box that was encrypted and attempts were made to obtain the information on the drop box but there was an issue with the drop box.

The previous Detective also stated that he got in contact with the school manager from the training that Alisa was at in Boston and the manager stated that Alisa was in class the week of the incident. Contact was also made with Boston State Police Detective N. Butler to gather information on whether Alisa had taken a plane from Boston to Tucson on July 19th, 2024 during the time of the incident to which the Boston Detective later stated that Alisa did not.
