

Scrip Fundraiser information

We are going to do a continuing fundraiser call scrip. It is a rebate program for your purchase of gift cards. You can purchase physical / plastic gift cards, electronic / phone gift cards, and even re-load previously purchased gift cards. The program is new to me, but several families at the gym have used the program before and have had great success and were able to pay for a significant portion of their daughter's gymnastic expenses using just this program.

You can pay using the electronic / secure payment method Presto Pay, (strongly suggested), or pay by check made out to ABGPA. Please be aware if you choose to pay by check I WILL NOT place your order if I have not received your check for payment by the due date of each order. The due date for any check payment orders is the 20th of each month. I will release any orders to be delivered (plastic cards), and record your profit from your months purchases on the 20th of each month. This way your profits will be reflected on the ABGPA monthly invoice. Shipping charges may apply to any plastic cards ordered, and may be removed from the profit of the cards purchased.

You will only be allowed to make purchases / selections on line. I WILL NOT accept paper orders. Each family must set up an account on the website. To begin please go to:

www.shopwithscrip.com

At the top right hand of the page hit the "register" button.

It then will ask you for an enrollment code. Enter EAA2B34847L13 (Case sensitive)

You will have to make an account and provide information, email, passwords, etc.

The enrollment code will connect you directly with our organization and I will be able to see the orders you place and the profit you make on each purchase, the total profit ,minus shared minor shipping charges ,will be placed into your daughters credit account. The general ABGPA account will not keep any funds or profit from this fundraiser at all. There are 100's if not 1000's of choices of gift cards. I encourage everyone to at least go on and make an account and browse the site. You do not need to make a purchase, but that way the account is set up if you do choose to use the program at any time.

Please also set up a Presto Pay account. This is Scrips version of Pay Pal. It is a safe / secure way of instant payment that is removed from the account you choose after the information is entered. It is a process to insure security. They will place small deposits into the account you choose, you go back to the website to enter those amounts to complete your registration of your account. When you do that correctly it gives you a pin#. Email me that pin # and I enter it in the system and you are ready to go. The process takes about a week but is flawless and secure after the process.

Also please use the Scrip Now App for your smart phone. The selection of businesses is smaller than on the website, but still has 100's of places available and are most of the frequently used places. These "gift cards" can be purchased immediately and used immediately. The place of business simply scans your phone or inputs the numbers from the gift card to give you the amount of the card. Places we use frequently are Walmart, Sams Club, Panera, Target, etc. Places you would shop anyway so why not make a few extra dollars for your ABGPA credit account?

While you are shopping on the website or app please pay attention to the delivery methods available for the gift cards. Each card has the ability to be plastic, printed or electronic. Be sure you choose the card and the method of delivery of the card that you want. This becomes very clear after you get used to system.

Orders for plastic gift cards are not officially placed until I release them after payment is received or they are marked paid in the system because you have used presto pay. If you order plastic gift cards I will set a day/ time for delivery at the gym. Usual delivery time is 3-4 business days.

I hope this is another great option for you to help off set your costs. Profits made from this fundraiser will only be placed into the ABGPA account and used toward meet expenses. Profits will not / can not be used toward tuition and other expenses.

Please let me know if you have any troubles getting an account, or have any questions.

Mary
