

Endodontics

Online Catalogue: http://issuu.com/lminstruments/docs/lm_catalog

	<p>Endo Excavators Longer lower shanks and sharper blade angles than round excavators.</p>
	<p>Endo Plugger For the vertical plugging of root canal fillings.</p>
	<p>Endodontic Surgery Removal of demineralized dentin, guttapercha and cement from the tip of the root.</p>

Root Canal Explorer

The instrument's long, sharp tips facilitate the location and opening of root canals to provide access for proper preparation instruments.
