

SPECIAL EDITIONS

EXCLUSIVELY FROM ARIENS®

PLATINUM
GREAT LAKES
EDITION™

SNOWFLAKES WILL THINK TWICE BEFORE FALLING.

Snowfalls are legendary around the Great Lakes. This machine was built to put them in their place. Its EFI engine technology delivers consistent power through the heaviest, wettest conditions synonymous with Midwest winters. Equipped with our Super High Output Impeller, it can easily take down even the deepest drifts, fully lit by the LED lighting mounted on the front of its snow housing. Its electric chute toggle controls come standard for easy and convenient operation. This is the machine that takes any regret out of living through Midwest winters.

PROFESSIONAL
ALPINE
EDITION™

TURNS SNOW-CAPPED PEAKS INTO JUST PEAKS.

The pinnacle of power – exactly what this machine delivers. Its standard hydrostatic drive makes for easy maneuvering and is powered by our largest-in-class 420cc EFI engine, built to perform extremely well at high altitudes with lower oxygen levels. The LED light bar across the housing provides the brightness you need during those long winter nights where it's often only a little more than the moon illuminating your path. Look for the Alpine badge and you'll know you have the machine designed for mountain peaks and peak performance.

PROFESSIONAL
MOUNTAINEERING
EDITION™

HIGHER ELEVATIONS GET MORE SNOW. AS IF THAT'S A PROBLEM.

Mountain winters are 100% predictable: it's going to snow and it's going to snow a lot. We've embraced that harsh reality by developing a machine to take on whatever the mountains dish out. This professional unit has our patented RapidTrak® so you can easily switch from Wheel Mode to Traction Mode to Pivot Mode and plow through any terrain in any conditions. It's powered by our largest in class 420cc EFI engine, perfect for high altitudes. Its LED light bar on the housing make sure your path is always visible and the premium controls keep you in control of any situation.
