

ZT HD

THE MOWER KNOWN FOR MAKING NEIGHBORS JEALOUS.

For homeowners who don't just want to mow their lawn but prefer to manicure it. After all, this is a residential mower often mistaken for a commercial unit. It has the power, durability, and high performance that lawn aficionados demand - causing them to ask whether or not their lawn is worthy of such a machine.

A NEW HIGH-BACK SEAT is more comfortable and supportive. This is commercial-grade comfort in a residential mower.

SEAT ISOLATION removes vibrations to decrease fatigue by absorbing the rough terrain so your body doesn't have to.

UPDATED FENDERS and rear wrap give the HD a bold new style upgrade, so it looks as great as it mows.

3100 TRANSAXLES are commercial grade and serviceable for a longer lifespan

CONSTANT BELT TENSION SYSTEM (CBT) minimizes wear and heat while providing enhanced belt life with minimal adjustments.

VERTICAL HEIGHT OF CUT SYSTEM takes the guesswork out of height adjustment with its magnetic pin and clear visibility.

AUTOMOTIVE-STYLE TUBULAR FRAME increases durability by withstanding force from any direction. This high-strength, premium frame is positioned with a lower center of gravity to improve stability while mowing on hillsides.
