# Disclaimer

The information you find on the Censored Ai website is not intended as censorship, content filtering, or online behavior advice of any kind. We do not endorse or discourage specific online activities or content consumption. It's crucial that you take the time to perform your own research and consider your unique preferences before using Censored Ai services. When you utilize Censored Ai, please understand that you are not acquiring a comprehensive content filtering service or behavior guidance tool. You acknowledge that you are fully responsible for your online activities and any consequences that may arise from your decisions. Furthermore, our team provides the platform "as is" without any obligation to offer support or content moderation services. Censored Ai is primarily designed to provide users with a personalized online experience and is not a registered content filtering service. We strongly advise individuals in regions with specific online censorship regulations to evaluate the platform's suitability, as we cannot guarantee compliance with your local online censorship laws. Always ensure that your actions align with your local laws and regulations before using Censored Ai.

**When obtaining Censored Ai tokens, it's important to recognize that you are not obtaining a security or making an investment. You acknowledge your full responsibility for any losses or tax implications that may result from your actions. We highly recommend that individuals in regions with cryptocurrency restrictions refrain from purchasing, as we cannot guarantee compliance with local regulations.**

# Background

Our team of passionate tech enthusiasts is dedicated to creating an AI-powered engine that facilitates seamless cryptocurrency swaps, ensuring efficient and secure transactions.

The name "Censored AI" reflects our commitment to transparency and control, allowing users to manage their digital assets with confidence and precision.

# \$CENS

In addition to our swap engine, we are also developing an AI-powered chatbot that ensures safe, clean, and respectful online conversations by filtering out explicit content and providing accurate, helpful responses. We believe in making the crypto space more accessible and efficient for users of all experience levels.

Join us on our mission to foster a more dynamic and enriching digital financial world, where you can trade freely and confidently without unnecessary complexities.

Experience cryptocurrency trading the way it was meant to be—with clarity, security, and peace of mind.

# How We Do It

At Censored AI, our approach combines cutting-edge technology with a deep understanding of user needs to deliver exceptional solutions in the cryptocurrency space. Here's how we make it happen:

## Advanced AI Algorithms:

- We utilize state-of-the-art AI algorithms to create a seamless cryptocurrency swap engine, ensuring fast, efficient, and secure transactions.

## Robust Security Measures:

- Our platform is built with multiple layers of security to protect your digital assets and personal information, giving you peace of mind with every transaction.

## User-Centric Design:

- We prioritize user experience by designing intuitive and easy-to-navigate interfaces, making crypto trading accessible for users of all experience levels.

## AI-Powered Chatbot:

- Our AI chatbot filters out explicit content and provides accurate, helpful responses, ensuring safe, clean, and respectful online conversations.

## Continuous Innovation:

- Our team of tech enthusiasts constantly works on improving our technology and adding new features to enhance your experience in the crypto world.

# Token System

## AI Swap Enhancement

At Censored AI, we are continuously improving our AI-powered cryptocurrency swap engine. This ensures that transactions are faster, more secure, and more efficient, providing our users with the best possible trading experience.

## Secure AI Chat

We are dedicated to developing our AI-powered chatbot to ensure safe, clean, and respectful online conversations. Our chatbot filters out explicit content and provides accurate, helpful responses, making online communication safer and more pleasant.

## Engaging Community and Growth

Censored AI aims to be the leading AI project by hosting exciting giveaways and airdrops to keep our community lively and active. We are committed to fostering a dynamic, engaged community while driving innovation and excellence in the AI and crypto space.

# Tokenomics

All tokens are already generated, with ownership renounced and inability to create new tokens.  
more information regarding the distribution:

Based on the total max supply of 11,111,111,111,111,111 tokens

**Total Max Supply:** Total tokens: 11,111,111,111,111,111 tokens

**Initial Circulation (10%):** 10% of total supply: 1,111,111,111,111,111 tokens **Distribution:** **Public Sale:** 500,000,000,000,000 tokens (5% of total supply)

**Private Sale:** 500,000,000,000,000 tokens (5% of total supply) **Team and Advisors:** 100,000,000,000,000 tokens (1% of total supply)

**Ecosystem Development:** 11,111,111,111,111 tokens (0.1% of total supply) **Locked Tokens (90%):** 90% of total supply: 10,000,000,000,000,000 tokens

**Vesting Plan:** Tokens are locked and subject to a vesting period over 12 months. Each month, a portion of the locked tokens (approximately 7.5% of the total locked tokens) is released, ensuring full distribution by the end of the vesting period.

## Monthly Vesting Release Example:

**Month 1:** 833,333,333,333,333 tokens released **Month 2:** 833,333,333,333,333 tokens released **Month 3:** 833,333,333,333,333 tokens released

**Month 12:** Final 833,333,333,333,333 tokens released This distribution and vesting plan example ensures that:

Initial circulation accounts for 10% of the total supply, providing liquidity and availability for early adopters and ecosystem participants.

The remaining 90% of tokens are locked and released gradually over 12 months,

aligning with the project's long-term goals, team commitments, and ecosystem development needs.

- **Active Community Engagement:** Regular updates, interactive events, and communication channels to keep our community informed and engaged.

Explore Censored AI and join us in creating a safer, smarter, and more rewarding digital world.

# Journey Plan

## Phase 1

### Launch Preparation

- Website and social media channels.
- Develop AI-powered swap engine.
- Build initial community through social engagement.

## Phase 2

### Swap Engine Launch

- Release the AI swap engine to the public.
- Engage with airdrops and giveaways.
- Collect and implement user feedback for improvements.

## Phase 3

### AI Chatbot Development & Expansion

- Develop and test the AI-powered chatbot.
- List Censored AI on major exchanges.
- Reach 10k holders through ongoing airdrops and community events..

## Phase 4

### Chatbot Launch & Growth

- Launch the secure AI chatbot.
- Additional features and optimizations.
- Host major events to grow and engage the community.
