MAKE STAVE FALLS GREAT AGAIN

OR MAYBE NOT?

On January 29th over \$250,000 of funds for Stave Falls could disappear

YOU CAN STOP IT

The Stave Gardens Community Association are the current stewards of over \$250,000 in proceeds from the member voted sale of the old Stave Falls Community Hall in April 2018. On January 29th, 6:30PM at Stave Falls Elementary, members are voting on a current board member's resolution to dissolve the association and bring in a trustee to "donate" these funds to either the Mission Foundation or the Vancouver Foundation. There has been no information provided as to the costs of the trustee, if there are guarantees that these foundations will provide 100% of the "donation" to benefit Stave Falls residents, or how the funds will be accessed once "donated". We all need more information and clarity before this vote.

THERE ARE SO MANY QUESTIONS

On December 18th, this association voted on another member submitted resolution to insist on community wide consultation to determine where the funds should be spent and with only approximately 30 people in attendance, they voted **AGAINST** allowing the community to provide suggestions.

THEY DECIDED YOUR VOICE DIDNT MATTER

Before JANUARY 22ND, email the board at stavegardenscommassoc@gmail.com to take out a membership so you can vote

- Let them know that you dont support sending funds out of Stave Falls
- Let them know that you insist that they suspend the use of "calling the question" for this meeting so that certain members can't keep silencing important questions and discussion
