

# V.A.S.T

## Veterans are Stronger Together

The mission of Veterans are Stronger Together (VAST) is to assist homeless veterans through temporary living and rehabilitation (Housing First Initiative)

V.A.S.T will fight hunger and homelessness, provide quality care to veterans who need assistance, and will give veterans and their families a means in financial crisis, and help those less fortunate have a joyful existence. We will enhance the quality of life for all veterans in the program by providing decent and safe transitional housing. V.A.S.T will accommodate as many veterans the program can sustain provided on the location and size of the program. Veterans in this program will have access to showers and personal hygiene items, laundry facilities and supportive resources for job search and return to permanent housing.

Homeless Veterans need a coordinated effort that provides secure housing and healthy meals; physical health care, substance abuse aftercare and mental health counseling; and personal development and empowerment. Homeless veterans also need job assessment, training and placement assistance. V.A.S.T believes all programs to assist homeless veterans must focus on helping veterans reach their highest level of independence.

In V.A.S.T We Trust *Wesley Matthews*

## Our Vision

The Land will be located in Gilmer, TX 75644

V.A.S.T is looking for a partnership with landowners who wanted to use their land to help Veterans for this project

Each tiny home will be unique to make the veterans feel like they are being taken care of. This unique style will bring a sense of peace and home like feeling to each and every veteran in our program.

## Inside the homes

Veterans are a different breed. We're in your neighborhood. We're your brother, sister, father, mother, grandparents. We've experienced things to which only other veterans can relate. There are many that can't socialize with common citizens and can only find that commonality with those that have served. We hope, with your assistance, we can provide that beacon in their tumultuous waters and introduce them to others in our community. We will house them, feed them, and embrace them. We hope that you can help us with our desire to get these heroes together and provide the essentials they need to make them feel human again.

**Thank You**
