

Depending on availability of water, Mt View Irrigation anticipated shut off dates for 2026 are:

Beginning September 15th Mt View Irrigation will begin turning off secondary water.

Beginning September 15th – Water to Harts and Happy Days subdivisions will be shut down and limited water will be available for other Farr West/Western Plain City areas.

October 1 – Water will no longer be available for all other areas.

Please watch for updates or changes.

WINTERIZING REMINDER: It is recommended that you wait until Mid-October to winterize your secondary water lines.

PLEASE continue to practice water conservation efforts.
