RE: Arctic Tundra Supply & Services
Letter of Reference

To whom it may concern,

The Native Village of Scammon Bay is currently under contract with Arctic Tundra Supply & Services to build five residential homes within our community, project is valued at approximately \$2.4 million. This contract is currently delayed due to unforeseen circumstances involved with shipping materials that have been stranded on a barge near Eek, AK. The management involved in this project have been courteous, professional, respectful, and willing to make sure that this project is making progress towards completion in June of 2022.

This company has been a pleasure to work with and they continue to make significant impacts within our community by their exemplary community outreach and community volunteering. They helped a few elders within the community and have made improvements within our administration building, and made one of our unused spaces into a rental facility available to other contractors and businesses that will need a location to rent while they are in Scammon Bay.

If you have any questions or concerns about this letter, please contact Brandon Aguchak, Tribal Administrator at 907-558-5425 or email admin@marayarmiut.com.

Thank you,

Brandon Aguchak
