“Wow, just wow! Our wedding cake was an absolute masterpiece it was everything we had envisioned and more! The experience was amazing from start to finish, and the final product exceeded our wildest dreams. The cake was not only stunningly beautiful, but it was also incredibly delicious. Our guests are still raving about it! Thank you for creating such a special and unforgettable part of our wedding celebration. 5 stars isn’t enough – I’d give it 10 stars if I could! The colours we requested were spot on just how we imagined - the fact that you illustrated the cake before hand showed your professionalism and gave us the excitement we desired prior the wedding - such a lovely touch! We were gutted when the cake finished!”

We received so many lovely comments about it from our guests. Claire listened carefully to what we wanted and brought our thoughts to life! She made some great recommendations and shared sketches along the way to ensure we were happy, she was even able to match our bridesmaid dress colour perfectly for the icing on one of the tiers!

Wedding Cake Tasting And Design Consultations

Your consultation appointment is a relaxed and elegant part of your wedding planning journey, designed to ensure your cake is as beautiful as it is delicious. This is a dedicated one-to-one consultation where we explore your vision in detail and begin designing a cake that perfectly complements your day.

During your appointment, we'll discuss your wedding style, colour palette, size requirements, and overall theme. You'll choose three samples carefully selected from my flavours list for £20, allowing you to choose the flavours you truly love with confidence.

These consultations are an important step in the process, giving you the chance to meet me personally, view my studio in Rugby, and see where your wedding cake will be expertly created. Following our meeting, I will produce a bespoke hand-drawn sketch of your cake along with a fully detailed quotation, so you have a clear and considered design tailored to you.

Should you decide to go ahead with your booking, an £80 deposit will secure your wedding date. The £20 tasting fee is then deducted from your final wedding cake cost, making the consultation an investment in your finished cake.

Appointments typically last 30–45 minutes and are available weekdays and weekends, with flexible scheduling to suit your needs. and you'll also take home a box of your cake samples.

I look forward to welcoming you to my studio and beginning the process of creating a timeless, elegant centrepiece for your wedding day.

Pricing decoration separately ensures you only pay for the elements that bring your vision to life.

A spot light on sugar flowers

I am highly skilled in the art of creating handcrafted sugar flowers, with a strong focus on detail, realism, and refined finishes.

Each flower is individually made by hand, with every petal carefully shaped, veined, and coloured to achieve an exceptionally lifelike and elegant result.

Sugar flowers are a beautiful addition to any cake, offering complete creative freedom in both design and styling. They can be created out of season, in any colour palette, or even finished in solid gold for a truly luxurious statement. Unlike fresh flowers, sugar flowers will never wilt, ensuring your cake looks flawless throughout your wedding day and beyond.

My sugar flowers can be made in any size, from delicate accents to dramatic statement arrangements, and are designed to complement the proportions and overall aesthetic of your cake. This level of craftsmanship allows for a bespoke finish that enhances the design while adding timeless beauty and sophistication.

Whether soft and romantic or bold and contemporary, I expertly craft sugar flowers to bring an enduring elegance to your cake and transform it into a striking centrepiece.
