   A. Approval of RFP for Radio Consoles
      According to RCW 39.04.270 the board was given the option to choose the proposal that was most
      advantageous to the communications center.
      With that in mind, Executive Director Jurmu recommended Motorola as the optimal proposal.
      Leatzow expressed strong concern moving forward with Motorola. Jason Petrillo also expressed
      strong opposition against Motorola.
      Sacha expressed support for staff recommendation. After exhausting the pros and cons of each
      proposal, Headley made a motion to move forward with Motorola for the radio consoles. Sacha
      seconded (with the exception of discussing the price point with Motorola); Vote was 6 in favor
      with Leatzow and Herrera voting against, motion carried.

7. **Budget Workshop: Preliminary 2020 Budget**
   There was a preliminary budget drawn up. We have until the end of the year to get it squared away. The board would like a budget to approve for the next meeting. The board would also like a second look at the funding formula for user fees. Jurmu will provide the formula to the board.

8. **Resolutions and Ordinances**

11. **Executive session: RCW 42.30.110(1)(b)**
    There was a request for a 30 minute executive session. Kirk excused himself (on the school board). The board entered into executive session at 10:54. They came out of executive session at 11:24. No decision was made in executive session.
    There were 3 properties being looked at. The Longview property off Ocean Beach highway near Lowes. The County property off Cowlitz way in the old love overwhelming location. The property owned by Cowlitz 2 Fire & Rescue station 23.
    Sacha stated that Longview assumes no cost to the property. LeMonds was in support of the Longview property. Sacha was in support of the County Property. Leatzow made a motion that the director focus on the County property off Cowlitz Way, and if there is a fatal flaw then they move to the Longview property. Headley seconded the motion.
    There was a suggestion for what they would consider a fatal flaw. Examples were given of possible fatal flaws, like something requiring million dollar piling on top of demolition costs for the county site. Vote was 4 to 4 with Gardner, Headley, Thurman, and Sacha voting for the property and Pineda, Herrera, Leatzow, and Hamilton voting against; motion failed.
    Herrera made a motion to approve the Longview property and have the director (with nominal investment) look in to that location. Seconded by LeMonds. Sacha recused from the vote. All in favor, motion carried.
