

Saint Anthony's

Tenth Sunday in Ordinary Time

June 9th 2024

MESSAGE

As I read through today's Gospel, I can't help but think the opponents of Jesus are focusing on what's absent rather than what's present. Rather than appreciating the miracles he's doing and the teaching he's giving, they focus on him being out of his mind because he's evangelizing in a radically differently way that's outside of the box.

It's almost as if his mere presence is too extreme for them and they can't get it!

It's easy for us to focus on the negative rather than the positive: on what's lacking as compared with what's present.

But we have our conscience to direct us. And the Holy Spirit speaks through our conscience - that's why it's so important to respect it.

Let us be those who build up rather than tear down - those who spend more time affirming what is good than criticizing what is bad. In this way we will respect the presence of the Holy Spirit who lives in us and with us.

May God bless you all !

Fr Rob
