

Chapter 800 will be holding its Red, White and Blue Dance on Saturday, November 21, 2026. While we appreciate all our members and understand that it is hard for some to get to meetings or even to the dance, we are asking for your help in another way. The Journal we produced in the past was a success because of you and it helped us fund your scholarship committee. This year, we are trying again so we can continue to award scholarships to the youths of our future while keeping our history alive through them.

We give out scholarships every year to relatives of our members in good standing. We do a lot with a few. For more information on YOUR Chapter visit our web site www.vvachapter800.com or visit on the third Monday of every month, starting at 7 p.m. except July and August, at 100 Main Street (VFW 809), Little Ferry NJ. We would love to see you.

Besides the scholarship, the Chapter is committed to helping all Veterans and their families. When the Chapter first started, we pledged to put a paver in at the New Jersey Vietnam Veterans Memorial in Holmdel for all Individual members and Associates who pass away. Unfortunately, just recently we sent the Memorial Applications for 29 pavers (at a cost to the Chapter) for all our members we have lost in the past few years.

This is another cost that the Chapter has to endure.

The journal is a large support in helping us maintain our goals. Please help out where you can.
